

Resolution

Submitted by: NYSCHP Faculty Liaison Committee

Adopted from Alston, Aziz and Sharabun from 2018 House of Delegates

Topic: The Bachelor in Professional Studies (B.P.S.) in Pharmaceutical Studies degree

Whereas, B.P.S. in Pharmaceutical Studies degree offers students appropriate preparation for entry into careers and/or graduate study in areas such as pharmaceutical and cosmetic manufacturing, marketing, insurance, regulatory affairs and sales.

Whereas, B.P.S. in Pharmaceutical Studies degree has wide applicability in pharmaceutical-related fields that do not require licensure as a pharmacist.

Whereas, B.P.S. in Pharmaceutical Studies degree grants pharmacy students completion of credits in liberal arts and sciences.

Whereas, B.P.S. in Pharmaceutical Studies degree grants a student in such a rigorous program the opportunity to obtain a degree if unfortunate events require them to leave the program.

Whereas, B.P.S. in Pharmaceutical Studies degree is incorporated in some but not all of New York State schools of pharmacy.

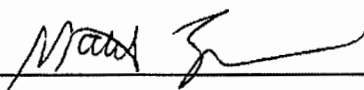

Be it resolved that:

The New York State Council of Health-system Pharmacists supports the recommendation to request that all New York State schools of pharmacy offer the opportunity to obtain a Bachelors in Professional Studies Degree to the students enrolled in their professional program with additional areas of study and opportunities in the career of pharmacy.
