

Committee: Western New York Chapter of Health-system Pharmacists  
Topic: Specialty Pharmacy Payer Exclusions  
Sponsored: William Loeffler

**Specialty Pharmacy Payer Exclusions**

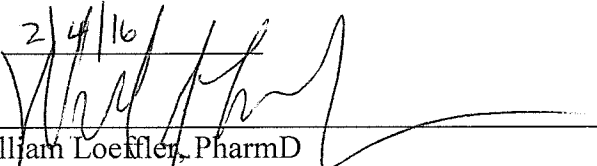

Whereas, Access to the a health-system owned specialty pharmacy provide the most timely and effective specialty pharmacy services, and,

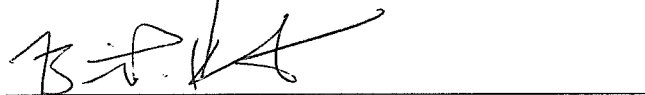

Whereas, health care organizations are accountable for the full spectrum of services a patient receives especially in the new bundled payment models, and,

Whereas, PBM owned or PBM approved specialty pharmacies create fragmentation in medical record information for the high risk, high cost medications used for specialty disease states, therefore, be it

Resolved That:

The New York State Council of Health-system Pharmacists supports a prohibition on PBM exclusion of health-system pharmacy owned specialty pharmacies as a covered pharmacy under their preferred network for patients who are patients of the health-system.
