 - More than just Q&A

Requirements

- Appropriate referencing in presentation
- Provide list of references for attendees
- Supplemental documents reference list

Requirements

- 4-6 weeks before program submit materials to NYSCHP, please remember that if the program is in April, May or June that is a very busy time for NYSCHP and we would need 6 weeks lead time to accredit.
- Brochure with all required information
- Speakers CV and COI, self assessment questions
- Presentation may be sent the week of program but must be sent in advance of the program so that we can ensure that it is non biased.
- Non member attendee list with 1st name, last name and email addresses for healthsystemce.org.

CPE Monitor

- Mycpeonitor
- Issues with NABP number and date of birth
- Reported immediate after person evaluates the program provided all of the info matches ACPE and NABP
- ACPE now requires that we upload all programs within 60 days of the date of the program. Therefore we are giving everyone 45 days to process their CE so that we have 15 days to make corrections.

CPE Monitor

- Save state boards of pharmacy, CPE providers, pharmacists and technicians time and cost by streamlining the process of verifying that licensees and registrants meet CPE requirements
- Central repository
- Facilitate tracking for pharmacists licensed in different states

CPE Monitor

- No printed or electronic statements of credit will be required.
- Information uploaded into CPE Monitor will be made available to state boards of pharmacy.
- Nabp.net

CPE Monitor

- ACPE accredited providers will transmit data to ACPE which in turn will be transmitted to NABP.
- Pharmacists and pharmacy technicians will register with NABP and will obtain a unique identification number
- ACPE accredited providers have gone through training with ACPE.
